IMMEDIATE NOTICE
NEW RECYCLE POLICY

These are the only items we can take due to new policy from the recycle center.

The recycle center will now be charging us for any contaminated recycle at a minimum of an **extra $100 per ton** if they see anything other than what's they expect in the loads.

EFFECTIVE DATE: 9-10-26

Effective immediately any recycle can filled items other than what's listed below <u>will not and cannot be collected</u>.

As a reminder recycle must be at the curb by **6:00 am.**

No liquids in the recycle, all items must be cleaned rinsed and empty of any residue.

DO'S

The only items now allowed in the recycle.

ONLY #1 and #2 plastics from food and beverage containers.

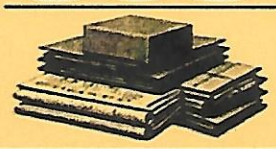

1 PET 2 HDPE

Glass from beverages.

Steel and aluminum cans from food and beverages.

Cardboard clean, dry, unsoiled and flattened. **Newspapers, office paper and packing paper.**

DON'TS

Most commonly put in recipe and can not be excepted:

Styrofoam

Bubble wrap

Plastic bags

Clothing

Used tissue products

Glossy paper such as magazines

Light bulbs

Please only put the approved items in the recycle to avoid these up charges the recycle center will pass along to us if the loads are contaminated. This will keep your rates down and allow the recycle more efficient for processing.

When in doubt throw it out!

Thank you
